

Join us for a day of family fun, games, tours, trails and nature to watch this once-in-a-lifetime event at the perfect spot in Elgin County!

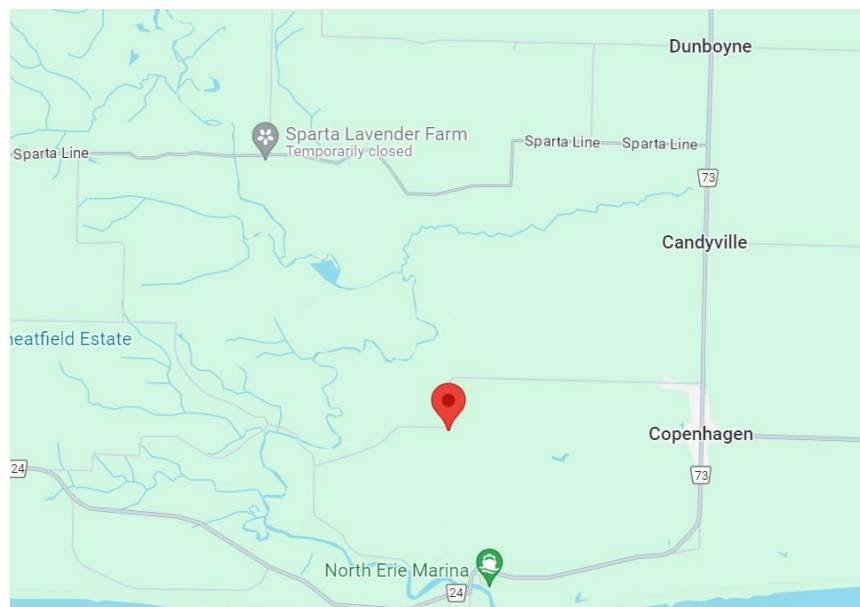

Date & Time:

Monday, April 8 · 10am - 5pm EDT

Location:

48075 Jamestown Line Aylmer, ON N5H 2R2

[48075 Jamestown Line - Google Maps](#)

About the Event:

On Monday, April 8th, Ontarians will be treated to a truly rare & momentous event: the first total eclipse of the sun since 1979; something that won't happen again until 2099!

Even more exciting is the fact that our location just south of Aylmer - at our 98-acre Dairy Museum property - has been deemed one of the ideal locations to observe this exciting spectacle!

And so, with our expansive property and unobstructed country field views, we're inviting all stargazers to join us for a day of activities, museum tours, and more, before we gather to enjoy this once-in-a-lifetime event together!

IMPORTANT DETAILS:

- Please visit this link for more information regarding safety practices for the eclipse:
 - <https://optom.on.ca/solareclipse/>
- This is **FREE** event, however we will be accepting donations.
- Attendees are welcome to come anytime from 10:00 am onwards.
- We ask that if possible, you send us an email to let us know you're planning to attend. This will help us to ensure we have all the supplies necessary to accommodate everyone!
- **Please RSVP to museum@gayleafoods.com**
- **If you email us to register prior to April 1st**, we'll be able to provide you with a pair of Eclipse-Safe Glasses. (Or while supplies last!)
- We have numerous picnic tables you're welcome to use, but please feel free to bring your own chair, blankets, picnics, etc.
- If you plan to bring a pet, out of respect to others, we ask that it please must remain on a leash at all times. All pets must be on leash while on site. Buildings on site are pet free.

Some of the activities we have planned for the day include:

- Arts, crafts & cookie decorating
- Bouncy cow (weather permitting)
- Outdoor games & trail walks
- Museum tours
- Free coffee & popcorn
- Feel free to pack your own picnic! We will have water coolers on site as well.

Specifics about the eclipse are:

- Occurs on Monday, April 8th, 2024
- Start of Partial: 2:01 p.m. EDT
- Start of Totality: 3:15 p.m. EDT
- End of Totality: 3:19 p.m. EDT
- End of Partial: 4:30 p.m. EDT
